ABOUT LOULÉ

The cosmopolitan lifestyle of the major tourist centres; a long ribbon of fine, golden sand tucked between the blue of the sea and the bold ochres of the cliffs; the splendour of tiles in a chapel that is itself a work of art; the changing greens of the orchards and the woods of the hills; an endless variety of decorated chimneys, artistically wrought in a filigree of whitewashed stone; wide open spaces where it is possible to rediscover the meaning of solitude and listen to the silence of nature: with all this and more, Loulé municipality is a place of sunshine and colour, fun and excitement.

ACCOMMODATION PLAN

Due to government restrictions caused by covid-19, this event will be held in a bubble system and although LEN and Referees will be in a separate wing from the national teams, all participants must stay at this Hotel. All rooms at Pestana Vila Sol Golf & Resort Hotel are equipped with flat-screen TVs with satellite channels and a living room with a minibar. Faro International Airport de is the official airport and it's 20km distance.

VENUES

COMPETITION POOL & TRAINING POOL

The Municipal Swimming Pools of Loulé (outdoor) will be the Competition Pool. The venue is owned by the Camara Municipal de Loulé and includes a 50m swimming pool, a diving pool and a children's pool. The Municipal Swimming Pools of Faro (indoor) will be used as the Training Pool. The distance between this two venues is 19km and all transfers will be ensured by LOC.

TRANSFERS

Since, due to Covid-19 the event will be in a bubble system, the Portuguese Swimming Federation has arranged a service of transfers between Faro Airport, Hotel, Competition Pool and Training Pool, per federation.

COVID-19 SAFETY PLAN

In order to comply with government requirements, and to ensure that the bubble system is respected and the event takes place safely, all participants must follow the LEN Sanitary guideline:

- All participants must undergo a PCR test within max 48h before arrival;
- Upon the arrival at the hotel 1 rapid antigen + 1 PCR test must be conducted to all participants;
- 1 Rapid antigen test must be conducted every 3 days to all participants;
- PCR test to return back at home to be provided if requested.

(110€ per person, paid by each federation)

The shared use of transport between teams is forbidden, when it is not possible to physically separate them inside the vehicle, in the period between the arrival at Faro Airport.

The Medical Staff will continuously monitor all participants under the bubble concept.
