

**REQUEST FOR PROPOSAL FOR TIMING, SCORING AND DATA
HANDLING SERVICES
FOR ARTISTIC SWIMMING, DIVING AND OPEN WATER SWIMMING
EVENTS IN 2024 AND 2025**

5 December 2023

Dear Potential Service Provider,

At European Aquatics, in an effort to streamline our events' timing, scoring and data handling services for 2024 and 2025 organizers, we are searching for a supplier of such services. Therefore, we hereby provide you with the elements that we consider essential and optional, which we kindly ask you to follow while submitting your formal proposal.

Please ensure that,

- A. all of the essential elements are included in your proposal,
- B. all elements are priced individually,
- C. if you would like to suggest additional items,
 - i. which are essential, indicate the reason and price them accordingly,
 - ii. which are optional, price them accordingly.

I. Junior Open Water Swimming Championships & OWS Cup, 2024 & 2025

Essential Elements	Data Processing system - Software
	Timing & Scoring system rental - Equipment
	On Site Results - Staff
	Videowall interface - Camera System Gates
	Finish and Lap counting system rental - Safety
	CIS System
	TV Graphics
	Streaming Equipment and Software – according to EA Camera Plan
	TV Graphics - System & Implementation
	Transponders rental - Equipment
Optional Elements	Buoys & Gate
	Shipping & Handling
	Operators Accommodation & Meals
	Flights
	3D course animation
	Online data for LED
	Extra transponders; per item
	Accreditation Service

II. Junior & Youth Artistic Swimming Championships, 2024 only

Essential Elements	Data Processing (production of start lists, results, standings, medallists, etc.)
	Scoring service (with dedicated Android tablet application)
	Commentator information system (CIS)
	Information screens for call rooms (RTDS)
	Results website management
	TV Graphics operation
	Scoreboard graphics with real time interface to scoring system
	3D design and animation for “synchro elements”
Additional Elements	Input coach card in such way that wrong codes are not accepted
	Change coach cards from preliminary to final without having to re-enter the whole coach card
	A computer screen for TC’s reviews (not tablets) which can record each element, where you can go directly back to the element that needs to be reviewed (not scrolling through the whole routine)
	Slow motion associated with the system mentioned above
	Results projection where the public can see which elements went to BM, what the initial DD was and what the realized DD is; as well as the synchro errors and a total for the penalties
	Tablets for: referee, assistant referee, the commission, the evaluators, to follow what the TC’s are checking and if it is validated or if it goes to BM as well as the detailed and total scores
	Tablets for the synchronisation controllers where they can change an error from minor to evident to major and the other way around with no limitation as to the number of mistakes (times pushed on the tablet)
	Share detailed results; judges’ scores in the results

III. Junior Diving Championships, 2024 only

Essential Elements	Data Processing (production of start lists, schedule, entries, results, standings, medallists, standings, points etc.)
	Scoring service (with dedicated Android tablet application)
	Commentator information system (CIS)
	Information screens for call rooms (RTDS) / Dive code display
	Results website management
	TV Graphics operation
	Scoreboard graphics with real time interface to scoring system
	3D design and animation for “dives”
Additional Elements	Scoring System back-up <ul style="list-style-type: none"> • DD check • Age groups compliance • Divers’ sequence (Mixed Team Events) • Input / Store score: original and after referee’s deduction • On-line diving statements input • Small info board for Referee & divers
	Sport entries data to be possible to download from different databases
	17 tablets

Timeline

19 December 2023	Deadline to submit questions to European Aquatics
19 January 2024	Deadline to submit RFP
02 February 2024	Decision to be made by European Aquatics
07 February 2024	Communication of decision to selected service provider
29 February 2024	Deadline for relevant agreement to be signed

We appreciate your interest in becoming a service provider for European Aquatics events and remain at your disposal for additional inquiries.

On behalf of
European Aquatics
